Our Clients

ESG serves a broad range of clients, providing luxurious travel accommodations to every passenger we serve. From weddings and proms to high-ranking executives, we take pride in providing the most comfortable experience in the region. Our corporate clients have included representatives from Fortune 500 companies to individual travelers. They now include you!

Airport transfers

ESG can provide a start to a business trip or provide a finishing touch upon returning to home or the office. ESG will supply the personal attention you desire. We will assume your baggage problems and traffic concerns and allow you to relax in comfort. Where you have a schedule to meet, or just a return home, ESG will provide a worry free and comfortable ride.

Vehicle stand locations

Each Airport Authority regulates all vehicle services for its respective airport. These regulations mandate that all vehicles park in a designated area that are different for each terminal. A chauffeur will be waiting for you at the designated "Greeting" area with a sign and direct you to baggage claim. Your driver will and assist with your luggage and bring the vehicle to the outside door closest to the baggage area (at CVG, this is door "10").
